Draulico Mechanical Systems Ltd.  
Unit # 6 – 12318 84<sup>th</sup> Ave.  
Surrey, BC  
V3W 0N2

Subject: Earl's Bistro at Whistler

I would like to congratulate and express my gratitude to Draulico Mechanical Systems for the outstanding job that your company did in our Earl's Bistro at Whistler.

All work was completed within the time required and within budget. Even with the extremely tight schedule, the quality of work was not compromised and we appreciate your attention to the completion of the minor deficiencies. In addition, the changes to design were handled in a fast and immediate response.

Earl's Restaurants is extremely proud of this location and we would recommend Draulico Mechanical Systems to anybody wanting a first class mechanical job.

Yours truly,

Raymond Lee  
Project Manager  
Design and Construction
