Dear Amber,

With regard to your query pertaining to D.M.S. Mechanical Ltd. (DMS), I would like to confirm that the company and individuals operate in a thoroughly professional manner and the workmanship is exemplary in standard. The projects I have had the good fortune to be involved in where DMS are our mechanical contractor have been completed on time, on budget and trouble free. Their after contract servicing is outstanding as well.

I can only say that the MCA should be and will be proud to have them as members.

Regards,
Bob
